RECOGNITION

- 1.1. Pursuant to the November 3, 1976, certification of the Illinois Office of Collective Bargaining, a copy of which is attached hereto as Appendix A, the Board recognizes the Union as the exclusive bargaining agent for academic employees in the bargaining unit described in the certification.
- 1.2. During the term of this *Agree ent*, no employee in the bargaining unit as described in Appendix A shall be reassigned to employment in a position outside of the bargaining unit without her/his consent.
- 1.3. When the University creates a new academic employee classification or adds an additional position to an existing classification, the University will notify the Union of the title of the classification and the duties of the classification within three months of appointment. At the request of the Chapter, the University President will schedule a meeting(s) to discuss whether the classification should be included in the bargaining unit. If necessary, final determination of the appropriate placement of the classification will be made according to the procedures of the Illinois Educational Labor Relations Board.
- 1.4. Nothing contained in this *Agree ent* shall be construed to prevent the Board or the University, or their members, officials, agents, or representatives from meeting with any individual or organization to hear views on any matter. The specific and express terms of this *Agree ent* shall not be changed as a result of any such meeting except by mutual agreement of the Board and the Union.

ARTICLE 2
CONSULTATION PROTOCOL

Meetings between the University President and the Union Chapter President shall be held once each month or as the parties agree for the purpose of discussing matters pertinent to the administration of this *Agree ent* or any other mutually agreeable matters. Each party may invite such other persons as they feel necessary to such meetings and shall inform the other party of such persons so invited. The meetings shall be held on a mutually agreeable date in a mutually agreeable location. Such meetings shall not constitute or be used for the purposes of negotiation or discussion of grievances. A scheduled meeting may be canceled by agreement of both parties.

ARTICLE 3

ARTICLE 4

EMPLOYMENT STATUS STATEMENT

- 4.1. a. Each employee shall receive an individual employment contract upon initial appointment. The initial contract or appointment letter shall specify the period of appointment; the type of appointment; the rank of the individual; the evaluating department; the probationary year; and the salary.
- (1) Starting salary is negotiated between the University and the potential employee prior to the employee's entering the bargaining unit.
 - (2) Employees enter the bargaining unit upon commencing their assigned obligations, after accepting, in writing, an offer of employment from the University.
 - (3) Employees in their first employment year are not eligible for any salary increases negotiated for that contract year.
- b. Subsequent to the initial individual employment contract, all employees shall receive an annual individual Employment Status Statement. The Employment Status Statement shall be sent to each employee within thirty work days after the beginning of a University's academic year or ratification of any successor Amendment, whichever is later. The Employment Status Statement shall indicate:
- (1) the basic monthly salary of the employee for the academic year, including the salary increase components;
 - (2) the employee's status (e.g. probationary, including probationary year; tenured; terminal);
 - (3) the employee's rank;
 - (4) that the employee's appointment is subject to the availability of funds, to the laws of the State of Illinois, and the Policies and Regulations of the Board of Trustees and the University, including the terms of any applicable collective bargaining agreement.

Any modifications in the employee's salary will be reflected in a revised statement which will be issued as soon as possible.

At least once each year the University shall notify each employee of (1) the number of days of sick leave the employee has accrued, classified as pre- and post-January 1, 1984 days; and (2) if applicable, the number of days of annual leave the employee has accrued.

ARTICLE 5

LEAVE WITHOUT SALARY

- 5.1. An employee is eligible to apply for leave without salary twelve months after the date of her/his initial employment at the University. This requirement may be waived by the University President upon written request of the Provost and the applicant.

- 5.2. An application for leave without salary must be submitted to the employee's Department Chair at least three months prior to the starting date of the requested leave. The application must state the purpose and provide a written explanation of the need for the leave and the time period for which the leave is requested. The purposes for which a leave may be requested are: (a) personal, (b) research, (c) advanced study, (d) professional development, or (e) public service. The three-month notification requirement may be waived by the University President upon written request of the applicant and approval by the Provost.
- 5.3. A leave without salary is granted at the discretion of the University President. Each application for leave is evaluated on an individual basis. Upon written request of the applicant, the University President will provide a written explanation within ten working days to an employee whose application for leave without salary has not been approved. If an employee believes an application for a leave without salary has been arbitrarily and capriciously denied, she/he may file a grievance under Article 19. The sole question to be decided in any such grievance shall be whether the denial was arbitrary and capricious.
- 5.4. The initial grant of a leave without salary may be for a period of up to twelve months. The leave may be extended upon the agreement of the University President for additional periods for a total leave not to exceed 36 consecutive months (three years) regardless of the percentage of the leave. Each extension may be for a period of up to twelve months.
- 5.5. a. Ordinarily fractional leaves (less than 100%) will be granted only to tenured faculty. Probationary faculty may apply for a fractional leave after completion of three probationary years of service and for the purpose of meeting the educational requirements for tenure.
- b. In the case of fractional leaves of 25% or more granted for personal reasons to tenured faculty who have not attained the rank of professor, the time the person is employed during the period of the leave will count proportionately toward years in rank. The equivalent of eight months or more of full time employment in any year will count as one year of service. Upon return from leave status the employee will be placed in the appropriate year in rank and/or will be credited with the appropriate years of service for promotion.
- c. The time of actual employment during a fractional leave shall be counted proportionately for purposes of determining eligibility for sabbatical leave or retraining leave. The equivalent of eight months or more of full time employment in any year will count as one year of service. Upon return from leave status, the employee will be credited with the appropriate years of service.
- 5.6. The application for an extension of a leave without salary shall include a written explanation of the need for the extension. Applications for an extension of a leave must be submitted to the University President at least three months prior to the starting date of the requested extension. The date upon which an application for an extension is due will be specified in the letter granting the leave. This extension date requirement may be waived by the University President upon written request of the applicant and approval by the Provost.
- 5.7. Upon return to the University from a leave without salary, an employee's salary shall be adjusted to reflect nondiscretionary increases which the employee would have received if not on leave.
- 5.8. While on leave without salary, an employee shall retain accrued sick leave and annual leave earned prior to the commencement of the leave without salary, but shall not earn additional sick leave or annual leave.
- 5.9. An employee on leave without salary may continue to contribute toward and receive the benefits of any State or Board insurance program and may continue to contribute toward and receive retirement credit in the State Universities Retirement System if the laws, rules, regulations, policies, and procedures governing the administration of such insurance programs or the State Universities Retirement System so permit.

- 5.10.
- a. Time spent by an employee on a leave without salary shall not be credited for the purpose of determining eligibility for sabbatical leave.
 - b. Time spent by an employee on a leave without salary for personal reasons shall not be credited for the purpose of determining eligibility for promotion or professional advancement increase.
 - c. Time spent by an employee on a full time leave without salary for the purpose of research, advanced study, professional development or public service will be credited for the purpose of determining eligibility for tenure only if approved by the University President. Upon request, the President will provide a written explanation within ten working days to an employee whose request to credit the time spent on a leave without salary for the purpose of determining eligibility for tenure has been denied. If an employee believes such a request has been arbitrarily and capriciously denied, she/he may file a grievance under Article 19. The sole question to be decided in any such grievance shall be whether the denial was arbitrary and capricious. An employee may elect not to credit such time for the purpose of determining eligibility for tenure. At the time of application, an employee must indicate in writing to the Provost whether the employee wishes time spent on a leave without salary to be credited for the purpose of determining eligibility for tenure. If an employee indicates in writing to the Provost before beginning leave without salary that the leave time is not to be credited for the purpose of determining eligibility for tenure, there shall be no retention evaluation of the employee during the period of the leave.
 - d. Time spent by an employee on leave without salary for the purpose of research, advanced study, professional development, or public service will be credited for the purpose of determining eligibility for promotion or professional advancement increase.

5.11. **Compulsory Leave**

- a. If the University President believes an employee is unable to perform assigned duties due to illness or injury, the President shall inform the employee in writing of the basis for the President's belief and may require the employee to obtain a medical examination by a doctor chosen and paid for by the University or by a doctor chosen and paid for by the employee who is acceptable to the University. Refusal of an employee to submit to a medical examination may result in suspension of the employee or other disciplinary action. The doctor shall submit an opinion to the President as to whether the employee (1) has a physical or mental condition which constitutes a health or other hazard to the employee, fellow employees, or others with whom the employee may come in contact or (2) has a physical or mental condition which prevents the employee from performing the duties required by the position of employment. A copy of the doctor's opinion shall be given to the employee. At the employee's discretion and expense, a second medical opinion may be obtained for consideration by the President. If two medical opinions are obtained which are in conflict, the two doctors or the relevant professional association or society shall be requested to identify a third doctor to supply an additional medical opinion for consideration by the President. The expense of the third doctor's opinion shall be shared equally by the employee and the University.
- b. If, after reviewing the medical opinions and other materials relevant to the employee's illness or injury, the President concludes that the employee (1) presents a health or other hazard to the employee, fellow employees, or others with whom the employee may come in contact or (2) is unable to perform the duties required by the position of employment, the President shall place the employee on compulsory leave. The President shall notify the employee in writing of the duration of the compulsory leave period. Any earned leave credits shall be used during the compulsory leave period. That portion of the compulsory leave, if any, which is not covered by earned leave credits shall be without pay.
- c. After expiration of one-half of the compulsory leave period, the employee may, upon prior notice to the University, and at the employee's expense, seek a medical opinion from a doctor acceptable to the University as to the ability of the employee to return to work. If after

reviewing the opinion and other materials relevant to the employee's illness or injury the President concludes the employee is able to return to work, the employee may return to work at the beginning of the next academic term of the University.

- d. If, after reviewing the opinion of a doctor chosen and paid for by the University or by a doctor chosen and paid for by the employee who is acceptable to the University, and other materials relevant to the employee's illness or injury the President concludes an employee is unable to return to work at the end of a compulsory leave, the President may (1) extend the period of compulsory leave, or (2) request the employee's resignation or (3) if the University cannot reasonably accommodate the illness or injury, recommend termination in accordance with the procedures provided in Article 16. Termination under these circumstances shall not be considered to be a disciplinary action.

ARTICLE 6

ASSIGNMENT OF DUTIES AND PROFESSIONAL OBLIGATIONS

- 6.1. The professional obligation of a tenured/tenure-track employee is composed of both assigned and unassigned duties and activities. An assigned duty or activity of an employee will be reflected on an assignment of duties form and will receive a credit unit value.

- 6.2. **Definition of Assigned Obligation**

- a. The assigned obligation of teaching faculty shall be 18-24 credit units for the academic year. For each additional month of appointment beyond nine months, the assigned obligation of teaching faculty shall be three credit units outside the academic year. Any additional credit units generated by this specific appointment (such as class size or laboratory component) will be compensated as overload. Any additional credit units not directly related to this specific appointment (such as a departmental summer school appointment) will be compensated in accordance with Article 29.10.
- b. The assigned obligation of a resource professional shall be as follows:

| <u>Period of Appointment</u> | <u>Range</u> |
|------------------------------|-----------------------|
| 9 months | 18 to 24 credit units |
| 10 months | 24 to 30 credit units |
| 11 months | 27 to 33 credit units |
| 12 months | 30 to 36 credit units |

- c. The obligation of an employee may be assigned in any combination of credit units within the ranges specified. If an employee is assigned duties for only part of a period of appointment, her/his assigned obligation shall be reduced in proportion to the period of appointment. If an employee is employed on a part-time appointment, her/his assigned obligation shall be proportionate to the appointment.
- d. Up to six credit units may be assigned to an employee in a summer session and shall be compensated at the rate specified in Article 29.10.
- e. The assigned obligation of an employee may be on campus, off campus, or some combination thereof.

- 6.3.
- a. The Provost shall develop the forms to be used to record officially assigned duties and the timetable for distribution of credit unit guidelines for employees, the development of course schedules, the development of unit rotation plans, and the official assignment of duties. The Provost will review the forms and timetable with the Union Chapter President before they are distributed to employees. A copy of the timetable shall be provided to each employee by October 15 unless otherwise agreed to by the Union President and the University President.
 - b. A tenured/tenure-track employee may submit a proposal for an assignment for consideration by the employee's Department Chair. The proposal shall be written and shall be submitted by the date specified in the timetable described in Article 6.3.a. The proposal may include scheduling options, reassigned time, or assignment of specific duties. It may also be accompanied by requests submitted in accordance with published University procedures for resources related to specific activities in order to accomplish the proposed assignment.
 - c. A tenured/tenure-track employee shall have an opportunity to discuss an assignment, including unofficial assignments reflected in preliminary course schedules, in advance of an official assignment or any modification of an official assignment except where it is impossible to do so because of leave status or illness or an employee, unexpected staff changes, or changes necessitated by enrollment. If requested in writing by the employee at least one week prior to the issuance of written assignments by the Chair, a personal consultation will be held between the employee and the Chair. A reasonable effort will be made to provide an advance opportunity to discuss an official assignment or any modification of an official assignment to an employee who is away from campus on University business. The Department Chair shall develop the written assignment of duties and submit it to the appropriate Dean and Provost for approval.
 - d.
 - (1) A tenured/tenure-track employee shall receive her/his official written assignment of duties including any credit units to be awarded by June 1 or at the time of appointment, whichever is later.
 - (2) If applicable, an employee shall receive an official written assignment of duties for an appointment to perform duties and activities in a summer session not included in her/his period of appointment, including the credit units to be awarded, at least 15 days in advance of the assignment. Nothing shall prevent the University from continuing to offer classes for registration for which firm contracts have not been issued, provided that no more than 10 percent of the class sections in the initial summer schedule can be so offered. If these additional classes are actually held during a summer session, they will be staffed in accordance with department rotation plans, as provided in Article 6.8.
 - (3) An employee shall be given an opportunity to discuss any modification of the official written assignment of duties, and shall receive a written copy of the modification in assignment, including any modification in credit units, as soon as possible.
 - e. If, during her/his period of appointment, a significant modification occurs in an employee's assigned primary duties, she/he may request a modification of her/his official assignment, or in the credit units awarded for such assigned primary duties.

6.4. **Credit Units and Credit Unit Equivalencies**

- a. The University's current approved credit unit guidelines will remain in effect for AY 1996-97. A joint University/Union task force will be appointed by October 15, 1996 for the purpose of bringing the guidelines up to date and making recommendations regarding any specific issues agreed upon by the University and the Union. The recommendations of the task force will be

forwarded to the Provost and the Chapter President by March 1, 1997 for review. The Provost and the Chapter President will, after review and appropriate modification or revision if required, approve the credit unit guidelines by March 15, 1997. The Provost will provide copies to all deans, directors, and department chairs. Faculty will be provided with notice of changes in the guidelines and will receive copies of the guidelines upon request. The revised approved guidelines will be effective September 1, 1997.

- b. Except as provided in Article 6.4.c., the credit units referred to in Article 6.4.a. shall be computed by addition of the credit hours assigned by the University to the courses assigned to an employee. The credit units referred to in Article 6.2. shall be assigned according to the procedure specified in Article 6.3., consistent with university credit unit guidelines for resource professionals.
- c.
 - (1) The Provost may assign employees to perform activities such as curriculum development, grant/contract proposal development, research/creative activities, University service, supervision, public service, or service as a department student advisor.
 - (2) The Provost may adjust the credit unit value of courses or activities in which the contact hours and credit hours are not equivalent. The Provost may also adjust the credit unit value of courses or activities based on the number of students or based on the location of the course or activity. Courses offered on an independent study or tutorial basis may be given a credit unit value lower than the number of credit hours, as specified in University credit unit guidelines.
 - (3) Credit units shall be specified by the Provost for activities assigned or adjustments made pursuant to this section. The credit unit value shall be counted toward fulfillment of the obligation specified in Articles 6.2.a., 6.2.b., 6.2.c., 6.2.d. and 6.2.e.
 - (4) The Provost may grant credit units for voluntary and elected University service. If such credit is granted, it shall be counted toward fulfillment of the obligation specified in Article 6.2.
 - (5) If, as part of the assigned obligation, an employee is assigned to work on an externally funded grant or contract, the employee may request the Provost to exclude such work from the employee's assigned obligation specified in Article 6.2. The Provost shall review each request for exclusion individually. If the work is not excluded, the Provost shall determine the value of such work in terms of credit units.

6.5. Overload

- a. An employee may be requested to perform duties in excess of the top of the relevant credit unit range specified in Article 6.2. above during the academic year or in excess of six credit units if she/he has a summer session appointment. Excess units under this section shall be compensated at the rate specified in Article 29.14. No involuntary overload shall result from additional course assignments. Overloads of more than six credit units per academic year will require the written approval of the appropriate dean. No faculty member may carry an overload of more than nine credit units per academic year or four credit units during the summer session.
- b.
 - (1) If an employee is absent from her/his duties, another employee may be requested or assigned to perform the absent employee's duties. Except as specified in Section 6.5.b. (2) below, the assignment shall be without compensation.
 - (2) If the assignment is in excess of the top of the relevant credit unit range specified in Articles 6.2.a., 6.2.b. and 6.2.c., or in excess of six credit units in a summer session and if the assignment exceeds two weeks within a semester or the pro rata equivalent of two weeks within a summer appointment, (exclusive of periods when classes are not in

session in the case of a teaching faculty member), the employee shall receive compensation prorated for the period of assignment as specified in Article 29.14, beginning with the third week of the assignment.

6.6. Scheduling of Assignments for Resource Professionals

- a. Assignments of scheduled activities for a resource professional shall be subject to the consideration of the effective operation of the department and shall bear a reasonable relationship to the resource professional's total assignment of primary duties.
- b. A resource professional may request her/his unit head to schedule the resource professional's assigned primary duties to permit participation in activities such as research/creative activity, professional development, or service. The unit head's approval shall be subject to the consideration of the effective operation of the department. The unit head's approval shall not be unreasonably withheld.

6.7. Faculty Accessibility

Faculty interaction with individual students, other faculty, and University staff is recognized as essential in a successful learning environment. To provide individual student access to faculty, each teaching faculty member shall maintain an on-campus schedule of at least four office hours per calendar week spread over at least three days or a schedule of at least five office hours per calendar week spread over at least two days during the academic year. During the summer session, each faculty member shall maintain an on-campus schedule of at least two office hours per week of the teaching assignment. These hours shall be scheduled to allow reasonable access and shall be posted. Each faculty member shall provide the department chair with a written schedule of her/his office hours. If necessary and with reasonable notice faculty are expected to be accessible to meet students, other faculty, and staff on days and times other than those of posted office hours and scheduled classes.

6.8. Summer Session Appointments

- a. Each academic year, the Provost shall, on the basis of program needs, prepare a schedule of courses or instructional activities to be offered during the summer session.
- b.
 - (1) A department's rotation plan will be used to determine which, if any, department employees will be offered departmental summer session employment. Employees on terminal contracts will not be eligible for summer session employment.
 - (2) Program needs shall supersede a department's rotation plan in determining which, if any, department employees will be offered departmental summer session appointments. Except for special program needs, department employees shall be given priority in the award of summer session employment.
 - (3) A department rotation plan shall ensure that tenured/tenure-track employees in the department have equitable access to departmental summer session employment, except as limited by Article 6.8.b.(4).
 - (4) Tenured/tenure-track employees shall be given priority over temporary employees in the award of summer session appointments.
- c. After a review of the summer session rotation plans, the Provost will consult with the Union Chapter President regarding guidelines for use by departments in reviewing existing rotation systems. The guidelines will be sent to each departments by October 15.

- d. All members of the department will be provided an opportunity to participate in the development and review of the summer rotation plan, according to departmental policies and procedures and practices. A preliminary plan shall be provided by the department faculty to the department chair and to the appropriate dean for review and response by October 3, 1997. Upon review, the faculty of the department shall then present a revised plan to the chair by October 24, 1997. The chair then will forward the revised summer rotation plan to the dean with her/his recommendation to approve or disapprove by October 31, 1997. The dean will forward the revised summer rotation plan to the Provost with her/his recommendation to approve or disapprove by November 7 according to the following schedule:

October 3 - faculty present preliminary plan to Chair and Dean

October 10 - Dean and Chair return recommendation review response to Department

October 24 - Department submits plan to Chair

ARTICLE 13

ACHIEVEMENT AND CONTRIBUTION AWARDS

13.1. **Purpose and Criteria**

The Achievement and Contribution Awards are designed to recognize and honor selected tenured/tenure-track faculty for their performance in a single academic year. Achievement and Contribution Awards shall be made in the Fall semester of each academic year, beginning with the Fall 1997 semester. Recipients of Achievement and Contribution Awards shall be selected based on the following criteria:

- a. Extraordinary achievement and effort
- b. Impact of achievement on others:
 - Students
 - Profession
 - University community
 - Beyond the university community

- c. Contribution to the success of others:
 - Collegiality
 - Generosity of spirit
 - Mentoring

13.2. Eligibility

- a. To be eligible for an Achievement and Contribution Award, tenured/tenure-track faculty must have completed at least one full academic year of service within the bargaining unit and must not have been an award recipient in the previous year.
- b. Faculty serving on the Achievement and Contribution Award (ACA) Selection Committee (see Article 13.3.a.) are not eligible to be nominated for or receive an Achievement and Contribution Award.

13.3. Nomination Process

- a. Anyone may nominate up to two eligible tenured/tenure-track faculty members for an Achievement and Contribution Award. Self-nominations are permitted. Each nomination must be made in one of the following four areas:

- Teaching/performance of primary duties
- Research/creative activity
- Service
- Balanced (the three previous areas considered as a whole)

Eligible faculty may not be nominated in multiple areas; only one nomination per eligible employee will be accepted. In case of multiple nominations, the nominated employee must choose which one will be considered and so notify the committee in writing.

- b. The first Achievement and Contribution Awards shall be made during the Fall 1997 semester, and the nomination shall cover the period from January 1, 1996, to August 14, 1997. For subsequent Achievement and Contribution Awards, the nomination shall cover the period from August 15 of the previous calendar year to August 14 of the current calendar year. Only those achievements and contributions relevant to the specified period will be considered by the ACA Selection Committee.
- c. By September 15 of each year, nominators will submit the following materials to the chair of the ACA Selection Committee:
 - A letter of nomination, naming the nominee, specifying the area of nomination, and outlining the reasons for the nomination.
 - A written summary of the nominee's achievements and contributions in the nomination area during the period under consideration.
 - Up to three letters in support of the nominee being selected as an award recipient; at least one letter must be from a student if the nomination is made in the teaching or balanced area.
 - The nominee's curriculum vitae, with relevant activities highlighted.
 - Student evaluations, if the nomination is made in the teaching or balanced area.
 - A copy of the nominee's Assignment of Duties form for the period under consideration.

No other materials will be considered by the ACA Selection Committee. Activities performed while the employee is not in the bargaining unit or is on leave without salary are not eligible for consideration.

13.4. Selection Process

- a. The University shall establish a seven-member Achievement and Contribution Award (ACA) Selection Committee, according to the following procedure:

- (1) The previous year's ACA Selection Committee shall elect from among its membership one person to serve as chair of the subsequent year's ACA Selection Committee. This person shall receive a \$500 honorarium from the University in recognition of his or her two years of service on the ACA Selection Committee. If no chair is elected by the previous year's ACA Selection Committee, then the subsequent year's ACA Selection Committee shall elect a chair from among its membership, but this person will not receive an honorarium.
 - (2) The ACA Selection Committee shall have one member from each of the University's four colleges. If the ACA Selection Committee's chair has been elected by the previous year's selection committee, and if the elected chair was representing one of the colleges, then the elected chair shall continue to represent that college. Otherwise, a pool of volunteer candidates from the college will be formed, consisting of tenured/tenure-track faculty who have been in the three previous groups of Achievement and Contribution Award (or Faculty Excellence Award) recipients. By April 1 of each year, the Provost shall, in writing, notify this pool of candidates that they are eligible to serve on the selection committee as their college representative, encourage them to serve, outline the responsibilities of the selection committee, and request a written response to the invitation to serve. If by April 15 there are less than two volunteers from a particular college, the dean of that college has the responsibility of ensuring that at least two tenured/tenure-track faculty members, who need not be former award recipients, are placed in the college's pool of candidates. For the purposes of this procedure, library faculty shall be grouped with the college with the smallest number of tenured/tenure-track faculty.
 - (3) The Faculty Senate, the Council on Academic Affairs, and the Council for Faculty Research shall each have a representative on the ACA Selection Committee. If the ACA Selection Committee's chair has been elected by the previous year's selection committee, and if the elected chair was representing one of the three governance groups, then the elected chair shall continue to represent that group. Otherwise, by April 15, the governance group shall forward to the Provost a list of candidates willing to serve on the ACA Selection Committee as that group's representative. Each pool of candidates shall consist of at least two tenured/tenure-track faculty members who have completed their first probationary year at the University. The candidates need not be former award recipients. In the event that a governance group fails to provide a pool of candidates by April 15, the Provost has the responsibility of ensuring that at least two tenured/tenure-track faculty members are placed in the group's pool of candidates.
 - (4) By April 30 of each year, representatives of the Faculty Senate, the UPI Chapter, and the Office of Academic Affairs shall select by lottery a member for the next ACA Selection Committee from each pool of candidates.
 - (5) No one may serve on the ACA Selection Committee for more than two consecutive years.
- b. The ACA Selection Committee shall determine the recipients of the year's Achievement and Contribution Awards by the following procedure:
- (1) The ACA Selection Committee shall select award recipients in each of the four nomination areas from those who are nominated. The total number of award recipients shall equal at least 10% but no more than 12% of the tenured/tenure-track faculty, unless fewer than 15% of the tenured/tenure-track faculty have been nominated, in which case there is no minimum requirement for the total number of awards. The number of award recipients in each nomination area shall be roughly proportional to the number of nominations received in that area.

- (2) The ACA Selection Committee shall select award recipients based solely on the criteria listed in Article 13.1 and on the materials submitted in accordance with Article 13.3.
- (3) By October 15, the chair of the ACA Selection Committee shall forward a list of award recipients to the University President. If the University President has any disagreement or concerns with the committee's selections, he or she must consult with the ACA Selection Committee prior to October 31. In this case, the ACA Selection Committee shall reconsider its selections and forward its determination to the University President by November 15. The final selection of award recipients rests with the ACA Selection Committee. The Committee's decisions shall not be subject to Article 19.

13.5. Monetary Award

Each year, the Achievement and Contribution Award recipients chosen by the ACA Selection Committee shall receive a monthly base increase retroactive to the previous September 1. If ten percent or more of the tenured/tenure-track faculty receive Achievement and Contribution Awards, then the monthly base increase shall equal one-tenth of one percent of the Unit A monthly salary base as of the previous May 31 divided by the number of award recipients. If fewer than ten percent of the tenured/tenure-track faculty receive Achievement and Contribution Awards, then the monthly base increase shall equal one-tenth of one percent of the Unit A monthly salary base as of the previous May 31 divided by a number equal to ten percent of the tenured/tenure-track faculty. Moneys from the salary adjustment pool shall be used to fund achievement and contributions awards, in accordance with Article 29.2.b.

ARTICLE 14

TRANSFER

- 14.1. The University may transfer an employee from one department/unit to another within the same bargaining unit within the University as a result of reorganization or program need. Where applicable, an employee's probationary status, tenure, faculty rank, eligibility for consideration for promotion or professional advancement increase, eligibility for leave without salary, or eligibility for the compensable fringe benefits specified in Article 28 shall not be affected by transfer resulting from reorganization or program needs.
- 14.2. In the event that a transfer pursuant to retraining or enrollment decline is anticipated, the probable receiving department(s) shall be consulted by the University President to determine department program needs and the qualifications necessary for any employee to transfer into the department. The departmental response to the University President's announcement of anticipated transfer shall be in writing. If the departmental response indicates that either program needs or the qualifications of the employee to be transferred indicated that such a transfer is not appropriate at present, the University President shall continue to confer with the department. The University President shall indicate her/his decision in writing to the department. The consultation shall be held in sufficient time to allow departmental response prior to the transfer determination. The Chapter President shall be notified of these consultations.
- 14.3. An employee may, through her/his Department Chair and, as applicable, Dean/Director, submit a request to the University President for transfer from one department to another within the University, and within the same bargaining unit. The University President shall review the request with the members of the receiving department. Within 90 days of submission of her/his request to the Department Chair, the employee shall receive written notification of the University President's decision. If the University President grants the request, the employee shall be transferred. A tenured employee who is transferred pursuant to this section shall retain her/his tenure appointment only if retention of tenure is recommended by the University President and approved by the Board.

- 14.4. With the consent of the employee, the University may reassign an employee from a bargaining unit to a position outside the bargaining unit. A tenured employee who is reassigned pursuant to this section shall retain his/her tenure in the department/unit in which that employee's appointment is formally located. If the employee is subsequently reassigned to a position in a bargaining unit in the department in which his/her appointment is formally located, the employee's salary shall be no less than it would have been as a result of nondiscretionary increases if the employee had remained in the bargaining unit.

ARTICLE 15

DEPARTMENT/UNIT REORGANIZATION

15.1. Notification of Intent to Reorganize

When plans are submitted for formal review and approval to reorganize the departmental/unit structure by combining or by separating a portion of a department/unit with/from the original structure, all affected employees shall be notified that such plans are available for review in the main library for 30 days and given an opportunity to respond.

- 15.2. An employee's probationary status, tenure, faculty rank, eligibility for consideration for promotion, eligibility for leave without salary, or eligibility for the compensable fringe benefits specified in Article 28 shall not be affected by a reorganization which results in the employee's transfer from one department/unit or college to another within the University.

- 15.3. During the term of this *Agreement*, an employee who has been transferred to a new department as a result of reorganization and who has applied for tenure in the new department shall be subject to the educational requirements for tenure of her/his former department. If the employee was not previously a member of a department within the University which had educational requirements for tenure, she/he shall be subject to the educational requirements for tenure of the new department.

- 15.4. During the first academic year of operation of a new department created as a result of a reorganization, an employee will be evaluated for retention, promotion, professional advancement increase, or tenure in accordance with the statement of Departmental Application of Criteria of her/his former department unless the timing of the reorganization is such that a statement of Departmental Application of Criteria for the new department can be adopted and implemented pursuant to Article 8.7. of this *Agreement*. If the employee was not previously a member of a department within the University which had a statement of Departmental Application of Criteria, she/he shall be evaluated for retention, promotion, professional advancement increase, or tenure in accordance with Article 8.

- 15.5. By November 1 of the first academic year of operation of a new department created as a result of a reorganization, a department summer rotation plan shall be submitted to the Provost for approval pursuant to Article 6.8. of this *Agreement*.

ARTICLE 16

SANCTIONS AND TERMINATION

16.1 Sanctions and Termination Hearing Committee

The Sanctions and Termination Hearing Committee shall be composed of five tenured faculty chosen in an election conducted by the Faculty Senate. Each of the four academic colleges shall elect one

member of the Sanctions and Termination Hearing Committee (the Library faculty shall participate in the election as part of the college with the lowest number of tenured faculty). One member of the committee shall be elected at large. Members shall serve two-year, staggered terms. If a college fails to elect a member, the dean of that college will name a member from among the tenured faculty of that college. If no at-large member is elected, the Provost will name a member from among the tenured faculty.

16.2

Sanctions

- a. A sanction is an official University action imposed solely for the purpose of changing the behavior of an employee who is in violation of his/her employment obligations. Sanctions include but are not limited to official letters of reprimand from the University President, suspension from duties without pay.
- b. Sanctions may be imposed on an employee for violation of employment obligations contained in the UPI/EIU *Agreement* or in Board and University policies, rules, and regulations. The University shall make readily available the applicable policies, rules, and regulations to all employees and supervisors, and the location of these documents shall be noted in the Schedule for Personnel Actions (see Article 8.2). No employee shall be sanctioned for a violation of these policies, rules, and regulations until they are made available and their location shall be noted in the University Newsletter and in the Schedule for Personnel Actions.
- c. Prior to any sanction being imposed on an employee, the University President or her/his designee shall hold at least one meeting with the employee to notify the employee that a sanction is being considered, to present the alleged violation and related documentation, and to discuss possible resolution of the matter. The Union Chapter President shall be informed of this meeting, and a Union representative may be present at the meeting, with the consent of the employee.
- d. If the matter is not resolved by the meeting, the University President shall send the employee written notice of the sanction, including a statement of the reasons for the sanction.
- e. If the proposed sanction is other than a written reprimand or costs the employee more than the equivalent of two days' pay, the employee shall have the right, at his/her request, to a hearing. The hearing shall be conducted by a panel consisting of the three members of the Sanctions and Termination Hearing Committee remaining after the employee and the University President have each excused one member of the five member panel without explanation. The chair of the panel shall be chosen by the panel. If an employee has requested a hearing and the panel is not selected within 5 working days, then the University President, in consultation with the Union Chapter President, shall select the members of the panel.
- f. A suspension from duties with pay may be imposed before a hearing if, in the judgement of the University President, an immediate threat to health and safety exists. The burden of proof in such instances shall reside with the University, and the University retains the right to impose a sanction.
- g. The panel shall review the reasons for the proposed sanction and related documentation. The committee has a right to request of both the University and the employee identifiable documents related to the written charges. The burden of proof that a sanction is warranted and appropriate rests with the University.
- h. The panel shall make a good faith effort to hold full day hearing sessions, five days per week, on days when the university is in session. The University will offer appropriate released time to employees serving on the panel. A hearing on a proposed sanction shall not exceed one month unless extended by a majority vote of the panel. If the panel concludes that the University has met its burden of proof for a sanction and that the proposed sanction is appropriate, it will so report, with supporting reasons, to the University President. If the panel

reaches an alternate conclusion, it will report its conclusion to the University President, with supporting reasons, and with recommendations for disposing of the matter. The panel will report its findings within five working days of the end of the hearings.

- i. A record of any sanction imposed on an employee shall be placed in the employee's personnel file.
- j. Official sanctions may be issued only by the University President or her/his designee.
- k. No sanctions shall be imposed upon employees except in accordance with the provisions of Article 16.

16.3. Termination

Termination of an employee, including termination of a tenure appointment at any time or of a probationary appointment before the end of the specified term, may be effected for adequate cause.

- a.
 - (1) Prior to service of a notice of intent to seek termination, the University President shall, when practicable, hold at least one meeting with an employee to discuss possible remedial actions by the employee or to discuss settlement of the matter. The Union Chapter President shall be informed of this meeting, and a Union representative may be present at the meeting, with the consent of the employee. If such a meeting is not practicable the University President shall make at least one good faith attempt to communicate with the employee by registered or certified mail, return receipt requested addressed to the employee's last known address to offer the employee the opportunity to propose remedial actions by the employee or to discuss settlement. The Union Chapter President shall be informed of this attempt to communicate with the employee.
 - (2) Prior to such a meeting or attempted communication, the University President shall provide the employee with a written statement of the purpose of the meeting including an identification of the topic(s) to be discussed.
 - (3) Additional meetings or communications to discuss possible remedial actions by the employee or to discuss settlement of the matter may continue until either the University President or the employee notifies the other in writing of her/his belief that further meetings will not be productive.
 - (4) No later than six months from the date of the first meeting or communication under Article 16.3.a.(1) (a time limitation which may be extended by written agreement of the parties) the University President shall provide the employee in writing with one of the following:
 - (a) a statement that further action on the matter will not be pursued, and that all references to it will be removed from the employee's personnel file; or
 - (b) a statement that further action on the matter will not be pursued at that time, but that reference to it shall remain in the employee's personnel file; or
 - (c) specification of any remedial actions to be taken by the employee, the date by which the remedial actions are to be taken, the method to be used to evaluate whether the remedial actions have been successful, and a statement that no notice of termination will be issued before evaluation of the remedial actions; or
 - (d) the terms upon which the matter is to be settled; or
 - (e) a notice of intent to seek termination.

- b. If the University President serves a notice of intent to seek termination, the following procedure shall apply:
- (1) A termination proceeding shall be initiated by the University President serving notice of intent to seek termination including a statement of reasons for termination of the employee by registered or certified mail return receipt requested addressed to the employee's last known address with a copy to the Union. Such mailing of the notice or other documents under this Article shall constitute service.
 - (2)
 - (a) An employee served with a notice of termination shall have the right to a formal hearing. Upon the service of a notice of termination, the employee has 14 calendar days to deliver to the University President a written request for a formal hearing. If at the end of the 14 days no such written request has been received by the University President, no formal hearing shall be required.
 - (b) The hearing panel shall consist of five tenured faculty members selected as follows: The employee and the University President shall each excuse one member of the five member Sanctions and Termination Hearing Committee without explanation, with the remaining three members to serve on the hearing panel. The employee and the University President each shall name one additional person from the tenured faculty to serve on the panel, neither of whom may chair the hearing panel. The five members shall elect the chair of the panel from among the three serving members of the Sanctions and Termination Hearing Committee. If an employee has requested a hearing and the panel is not selected within 10 working days, then the University President, in consultation with the Union Chapter President, shall select the members of the panel.
 - (3) An employee served notice of intent to seek termination who timely requests a formal hearing in writing shall be served by the University President with a notice of hearing and specific written charges at least 20 work days prior to commencement of the hearing. During the proceedings, the employee will be permitted to have a counselor or an advisor of her/his choice. When practicable, the employee shall be present but such presence is not required for the proceeding to go forward.
 - (4) The University shall ensure that a verbatim record of the hearing will be taken and a typewritten copy will be provided to the employee. The burden of proof that adequate cause exists rests with the University and shall be satisfied only by clear and convincing evidence in the record considered as a whole. The employee will be afforded the opportunity to present witnesses and to confront and cross-examine all witnesses.
 - (5) The panel shall make a good faith effort to hold full day hearing sessions, five days per week, on days when the University is in session. The Board will offer appropriate released time to employees serving on the panel. A termination hearing shall not exceed in the aggregate a period of three months unless extended by a majority vote of the Hearing Panel. The panel has a right to request of both the University and the employee identifiable documents related to the written charges. The findings and recommendations of the Hearing Panel shall be reduced to writing and served on the employee and the University President within 20 work days after the conclusion of the hearing. If the Hearing Panel concludes that adequate cause has not been established by the evidence in the record, it will so report to the University President. If the University President rejects the report, she/he shall state in writing the reasons for doing so to the Hearing Panel and the employee and provide fourteen days for delivery of a written response. If the Hearing Panel concludes that adequate cause for dismissal has been established, it will so recommend in writing, with supporting reasons to the University President. If the Hearing Panel concludes that adequate cause for a sanction less than dismissal has been established, it will so recommend in writing, with supporting reasons, to the University President.

- (6) The recommendation of the University President, along with that of the Hearing Panel should it not concur with the President, shall be delivered to the Board for final action.
- (7) If the employee does not request a hearing in accordance with Article 16.3.b(2)(a) or if a Hearing Panel fails to provide its findings and recommendations within 20 work days after conclusion of the hearing, the University President shall submit her/his recommendation to the Board for final action.
- (8) An employee terminated for cause shall not be entitled to salary, severance pay, or any other compensation beyond that earned up to the last day of employment.
- (9) An employee served with notice of termination may be suspended or reassigned by the University President with compensation if the University President is of the opinion that the employee's presence in her/his appointed position constitutes a threat of bodily harm or harm to property or might impede University operations. If, following the hearing process described above, it is determined that no actions against the employee will be imposed, the employee will be restored to her/his appointed position.
- (10) A record of any disciplinary action taken against an employee shall be placed in the employee's official personnel file.

16.3. All actions imposed upon employees pursuant to this Article are subject to Article 19, Grievance Procedure.

ARTICLE 17

LAYOFF AND RECALL PROCEDURES

- 17.1. An employee may be laid off as a result of demonstrable financial exigency or demonstrable enrollment reduction, or as a result of a modification of curriculum or program instituted through established program review procedures. If financial exigency is asserted as the basis for a layoff, the financial exigency must be demonstrated to be university-wide.
- 17.2. If the Board decides it is necessary to lay off employees in accordance with Article 17.1, the factors which will be considered in light of the University's program needs, in determining which, if any, employees will be retained, are: length of full-time service at the university, including approved leaves; length of full-time service in the department, including approved leaves; educational qualifications; professional training; and professional experiences. The layoff of employees in the level of organization as determined by the Board to which the layoff applies shall be in the order listed below:
 - (1) Temporary and part-time employees;
 - (2) Full-time employees on probationary appointment, but without tenure;
 - (3) Tenured employees.
- 17.3. No tenured employee shall be laid off for the purpose of creating a vacancy to be filled by an administrator entering the bargaining unit.

- 17.4. The University and the Board shall make a reasonable effort to locate other equivalent employment within the University for a laid-off employee prior to the effective date of her/his layoff. The results of such effort shall be made known to the person affected. The effort to locate other equivalent employment shall include a review of the possibility of an assignment with duties in more than one unit, part-time employment, transfer to another unit or position pursuant to Article 14, or retraining pursuant to Article 28. A laid-off employee who accepts such other bargaining unit employment may, with Board approval, retain accumulated rights or benefits. Until the effective date of the layoff, the University shall also provide access to any University service which may assist in locating other equivalent employment outside the University. Nothing in this Article shall be contravention to Article 21.3 or University policy.
- 17.5. An employee with a probationary appointment shall be given the same notice in the event of the layoff as would be given in the event of nonrenewal of her/his appointment. A tenured employee shall be given employment for at least one academic year beyond the academic year in which she/he is given notice of layoff. The notice requirements shall not apply in cases of extreme and immediate financial exigency.
- 17.6. a. Prior to the effective date of her/his layoff, an employee given notice of layoff may request a meeting with the Provost to establish: (1) the description of the employee's position at the time she/he was given notice of layoff and (2) the areas of bargaining unit employment for which the employee is qualified on the basis of training or experience. The Provost, in consultation with the employee, shall establish the description of the employee's position at the time she/he was given notice of layoff and the areas of bargaining unit employment for which the employee is qualified on the basis of training or experience.
- b. The University will maintain a list of employees who are laid off for a period of three years after the layoff. If an employee's position at the time she/he was given notice of layoff is reinstated during such period, the employee shall be sent notice of that fact at the employee's last known address and offered reemployment. It shall be the employee's responsibility to keep the University advised of the employee's current address. An offer made pursuant to this section must be accepted within 30 calendar days, such acceptance to take effect not later than the beginning of the academic term specified in the offer. If the offer is not accepted, the employee's name may be deleted from the list and, if so deleted, the Board and the University shall have no further obligation to the employee.
- c. During the three-year period specified in Article 17.6.b., notice of bargaining unit employment opportunities at the University for which the employee is qualified shall be sent to the employee at her/his last known address. If the employee applies for consideration for any such employment opportunity, she/he shall be granted an interview. If the employee fails to apply for the opportunity within 15 days from the date the notice is sent to the employee, or if the employee is not offered reemployment, her/his name shall remain on the layoff list for the remainder of the period specified in Article 17.6.b.
- d. An employee who held a tenured position on the date of layoff shall resume tenure if the position is reinstated and an offer of reemployment in that position is accepted. An employee who has been laid off and who accepts reemployment in a bargaining unit position at the University shall, upon reemployment, be credited with any sick leave which the employee had accrued as of the effective date of layoff, and with any annual leave which the employee had accrued as of the effective date of layoff and for which the employee has not received payment. The salary of a laid-off employee who resumes employment in a bargaining unit position at the University shall be adjusted to reflect non-discretionary increases to which the employee would have been entitled if not laid off.
- 17.7. An employee who is laid off may continue to contribute toward and receive the benefits of any State or Board insurance program and may continue to contribute toward and receive retirement credit in the State Universities Retirement System if the laws, rules, regulations, policies, and procedures governing the administration of such insurance programs or the State Universities Retirement System so permit.

ARTICLE 18

ACADEMIC PROGRAM ELIMINATION REVIEW COMMITTEE

- 18.1. The University shall have an Academic Program Elimination Review Committee composed of and elected by University employees. The sole purpose of the Academic Program Elimination Review Committee shall be to provide recommendations to the Provost concerning academic programs being considered for elimination which would result in the layoff of an employee.
- 18.2. The University Academic Program Elimination Review Committee shall:
- a. be composed of no more than seven employees;
 - b. have representation from each college and major academic unit;
 - c. have staggered three-year terms;
 - d. be elected in an election conducted by the Faculty Senate.
- 18.3. a. Each year the Academic Program Elimination Review Committee shall receive information on each program being considered by the Provost for elimination as part of the University's established academic program review procedures which would result in the layoff of an employee. The information shall include:
- (1) data on enrollment, majors, and course offerings;
 - (2) data on program costs.
- b. The Academic Program Elimination Review Committee may request additional relevant information from the Provost.
- 18.4. In the process of developing its recommendations, the Committee shall review program costs and enrollment history; contributions of the program to the general education requirements, interdisciplinary and service functions, graduation requirements, and the University curriculum; and contributions of the program to the mission and goals of the University.
- 18.5. Before the University formally transmits its recommendations on program status to the Board, the Academic Program Elimination Review Committee shall make its recommendations to the Provost. The Committee's recommendations shall be included with the University's recommendations and sent to the Board.
- 18.6. A Board decision concerning the elimination of any academic program which would result in the layoff of an employee(s) shall be communicated to the employee(s) in the affected unit.

ARTICLE 19

GRIEVANCE PROCEDURE

19.1. Purpose

The Board and the Union encourage open communication and endorse the informal resolution of grievances and agree that, insofar as possible, problems should be resolved before the filing of a

grievance. The purpose of this Article is to promote a prompt and efficient process for the investigation and resolution of grievances related to the terms and conditions of this *Agreement*. The procedures hereinafter set forth shall be the sole and exclusive method of resolving the grievances of employees. At the end of the first year of this *Agreement*, the Board and the Union shall assess this grievance procedure and determine if further negotiation of the procedure is appropriate.

19.2. Definitions

- a. The term "grievance" shall mean a dispute concerning the interpretation or application of a specific term or provision of this *Agreement*, subject to those exclusions appearing in other Articles of this *Agreement*.
- b. The term "grievant" shall mean an employee or group of employees in a dispute over a term or provision of this *Agreement* as it relates to them, or the Union in a dispute over a term or provision of this *Agreement* as it relates to the Union as an organization.

19.3. Representation

The Union may, with the consent of the employee, represent an employee in a grievance filed under this Article. An employee may also represent herself or himself in a grievance. If an employee chooses to represent herself or himself, she or he shall so inform the Chapter Grievance Representative and the University Grievance Officer at the time of filing; in so doing, the grievant retains the right to request Union representation at any stage of the grievance process. However, once a grievant chooses Union representation, then the Union is the sole representative of the grievant throughout the remainder of the grievance process. No resolution of any individually processed grievance shall be inconsistent with the terms of this *Agreement* and for this purpose the Union shall have the right to have an observer present at all meetings called for the purpose of discussing grievances. The Chapter Grievance Representative or his/her designee shall be notified at least 24 hours in advance of any such meeting.

19.4. Grievance Representatives

Within 30 days after the execution of this *Agreement*, the Union shall furnish the Provost with a list of all persons authorized to act as the Chapter and UPI Local Grievance Representatives and shall update the list as changes occur. The designated Chapter Grievance Representative shall be an employee of the University and shall have the responsibility to meet classes, office hours, and other assigned duties and responsibilities. If the responsibilities of the Chapter Grievance Representative require rescheduling of the representative's University duties, the representative may, with the approval of the Provost, arrange for the rescheduling of such duties or their coverage by colleagues. Such approval shall not be unreasonably withheld. The provisions of Article 19.4 shall also apply to the UPI Local Grievance Representative if he or she is an employee of the University.

19.5. Appearances

If it is necessary for an employee to participate in a grievance or arbitration proceeding during working hours, the employee's salary shall neither be reduced nor increased for time spent in such activities. Prior to participation in any such proceeding, the employee shall make arrangements acceptable to the Provost for the performance of the employee's duties. Approval of such arrangements shall not be unreasonably withheld.

19.6. Grievance Forms

All grievances and requests for review must be submitted in writing on forms as attached to this *Agreement* as Appendices B and C, and shall be signed by the grievant. Except for the initial

filing of the grievance, if there is a difficulty in meeting any time limit, in cases where the Union represents an employee the Union representative may sign such documents for the grievant and later file a copy signed by the grievant.

19.7. Compliance with Procedure

All grievances must be filed in accordance with the procedures in this Article. The Board shall be under no obligation to process or consider a grievance which is not filed in accordance with the procedures of this Article.

19.8. Procedure for Handling Grievances

a. Informal Resolution Process

- (1) A grievance shall be filed with the University President within 30 days following the date of the act or omission giving rise thereto, or the date on which the employee knew or reasonably should have known of such act or omission if that date is later. At the time a grievance is initiated, the Chapter Grievance Representative and the University Grievance Officer will attempt to achieve an informal resolution.
- (2) The University Grievance Officer will, within 10 days of the filing of the grievance, contact the grievant, the Chapter Grievance Representative, and other affected parties to schedule meetings and other appropriate action. The University Grievance Officer, the Chapter Grievance Representative, the grievant, and appropriate others will attempt to resolve the issue within 30 days. During this time, including any extensions which have been granted in accordance with Article 19.8.a.(3), the University Grievance Officer may make a written offer to resolve the grievance, and the grievant shall have 10 days in which to accept or reject, in writing, the written offer.
- (3) The grievant may, for the purpose of seeking informal resolution of the grievance, request an extension of an additional 30 days. Upon the grievant's written request, this 30-day extension will be granted unless to do so would impede the resolution of the grievance. The grievant may terminate the informal resolution process at any time by giving written notice to the University President and the University Grievance Officer, requesting that the grievance proceed to a hearing.
- (4) If the grievant does not terminate the informal resolution process early, in accordance with 19.8.a.(3), and requests a formal hearing in accordance with Article 19.8.a.(3), then the informal resolution process shall be considered as concluded when the 30-day period described in Article 19.8.a.(2), plus any extension granted in Article 19.8.a.(3), has expired. If the grievant accepts the outcome of the informal resolution process, the grievant will agree to withdraw the grievance without recourse to further steps described in Article 19. If the grievant is not satisfied with the outcome of the informal resolution process, the Union, or the grievant if the grievant is representing herself/himself, may, within 10 days of the conclusion of the informal resolution process, give written notice to the University President and the University Grievance Officer, requesting that the grievance proceed to a hearing.

b. Hearing

- (1) If the grievance proceeds to a hearing, the University President shall designate a Hearing Officer within 10 days of receiving the grievant's request for a hearing. Prior to the hearing scheduled in accordance with Article 19.8.b.(2), the University Grievance Officer will prepare a report of fact-finding. The report shall also specify

the efforts of the informal resolution process. Copies of documents referred to in the report shall be attached to the report. Copies of the report shall be provided to the Chapter Grievance Representative and to the Hearing Officer not less than three working days prior to the hearing. For the purposes of preparing this report, the University Grievance Officer may request from the Chapter Grievance Representative clarifications regarding the grievance, including the specific provisions of the *Agreement* which allegedly have been violated, the rationale for the remedy sought, relevant supporting documents, and a list of persons with information relevant to the grievance.

- (2) Upon receiving a request for a hearing, the Hearing Officer designated by the University President will schedule a formal hearing within 30 days. At that formal hearing, the Chapter or UPI Local Grievance Representative will present the grievant's position and the University Grievance Officer will review the results of his/her fact-finding process, summarize the efforts of the informal resolution process, and present any related materials and information.
- (3) Prior to rendering a written decision, the Hearing Officer will have 10 days in which to determine if an alternative resolution to the grievance is possible. This time period may be extended by mutual agreement. During this time, the Hearing Officer may make a written offer to resolve the grievance, and the grievant shall have 10 days in which to accept or reject, in writing, the written offer. If the grievant accepts an alternative resolution, the grievant shall agree to withdraw the grievance without recourse to further steps described in Article 19. At any time during this process, the grievant, if the grievant is representing himself or herself, or the Chapter or UPI Local Grievance Representative may forward a written request that a formal decision be rendered in accordance with Article 19.8.b.(4) below.
- (4) If the Hearing Officer does not propose any alternative resolution to the grievance, then the Hearing Officer will have 30 days from the date of the hearing in which to render a decision on the grievance. If the grievant does not accept any alternative resolution proposed by the Hearing Officer, the Hearing Officer will have 30 days from the date of the grievant's last written rejection of an alternative resolution in which to render a decision on the grievance. If the grievant or the Chapter Grievance Representative or the Local Grievance Representative has made a written request for a formal decision, in accordance with Article 19.8.b.(3), the Hearing Officer will have 30 days from the date of the written request for formal decision in which to render a decision on the grievance. In all cases, the Hearing Officer's decision shall be written and shall state the reasons for the decision.

c. Proceeding to Arbitration

If the grievance is not satisfactorily resolved in the hearing process, the Union may, upon the request of the grievant, proceed to arbitration by filing a written notice of intent to do so. Notice of intent to proceed to arbitration must be filed with the University President within 30 days after receipt of the Hearing Officer's decision and shall be signed by the grievant and the Union President. No later than 30 days after filing a written notice of intent to arbitrate, the Union and the Board will select an arbitrator and date for the arbitration hearing. The arbitration hearing will take place no later than six months after the filing of the intent to arbitrate. All dates may be extended by mutual consent of the Union and the Board. Only those acts or omissions and terms or provisions of the *Agreement* identified during the hearing described in Article 19.8.b may be considered at arbitration.

d. **Withdrawal of Grievance**

A grievance may be withdrawn at any time by the grievant, or by the Union representative at any time after a hearing has been requested.

19.9. **Arbitration Procedure**

a. **Selection of an Arbitrator**

The selection of an arbitrator will be governed by Illinois Education Labor Relations Board guidelines or; if necessary, the normal American Arbitration Association procedures for selection of an arbitrator.

b. **Authority of the Arbitrator**

- (1) The arbitrator shall neither add to, subtract from, modify or alter the terms or provisions of this *Agreement*. Arbitration shall be confined solely to the application and/or interpretation of this *Agreement* and the precise issue(s) submitted for arbitration. The arbitrator shall have no authority to determine any other issue(s). The arbitrator shall refrain from issuing any statements of opinion or conclusions not essential to the determination of the issue(s) submitted.
- (2) Where an administrator has made an academic judgment, such as a judgment concerning application of evaluation criteria in decisions on retentions, promotion, or tenure, or a judgment concerning the academic acceptability of a sabbatical proposal, the arbitrator shall not substitute her/his judgment for that of the administrator. Nor shall the arbitrator review such decision except for the purpose of determining whether the decision has violated this *Agreement*. If the arbitrator determines that the *Agreement* has been violated, the arbitrator shall direct the University to take appropriate action. An arbitrator may award back salary where the arbitrator determines that the employee is not receiving the appropriate salary from the University but the arbitrator may not award other monetary damages or penalties. If notice that further employment will not be offered is not given on time, the arbitrator may direct the University to renew the appointment only upon a finding that no other remedy is adequate and that the notice was given so late that (a) the employee was deprived of reasonable opportunity to seek other employment or (b) the employee actually rejected an offer of comparable employment which the employee otherwise would have accepted.

An arbitrator's decision awarding employment beyond the sixth year shall not entitle the employees to tenure. In such case the employee shall serve during the seventh year without further right to notice that the employee will not be offered employment thereafter.

c. **Arbitrability**

In any proceeding, the first matter to be decided is the arbitrator's jurisdiction to act, which decision the arbitrator shall announce. Upon concluding that the arbitrator has no such power, the arbitrator shall make no decision or recommendation as to the merits of the grievance. Upon concluding that the issue is arbitrable, the arbitrator shall normally proceed with the hearing at the time, provided that either party may seek judicial review of the arbitrator's decision as to jurisdiction and have the hearing on the merits of the grievance delayed until such review is completed.

d. Conduct of Hearing

The arbitrator shall hold the hearing in the city where the grievant is employed unless otherwise agreed to by the parties. The hearing shall commence within 21 days of the arbitrator's acceptance of selection, or as soon thereafter as is practicable, and the arbitrator shall issue the decision within 30 days of the close of the hearing or the submission of briefs, whichever is later, unless additional time is agreed to by the parties. The decision shall be in writing and shall set forth findings of fact, reasoning, and conclusions on the issue(s) submitted. Except as modified by the provisions of this *Agreement*, arbitration proceedings shall be conducted in accordance with the rules and procedures of the American Arbitration Association.

e. Effect of Decision

The decision or award of the arbitrator shall be final and binding upon the Board, the Union, and the grievant to the extent permitted by and in accordance with applicable law and this *Agreement*.

f. Fees and Expenses

All fees and expenses of the arbitrator shall be divided equally between the parties. Each party shall bear the cost of preparing and presenting its own case. Any party desiring a transcript of the proceedings shall bear the cost. The cost of any transcripts required by the arbitrator shall be divided equally between the parties.

19.10. Miscellaneous Provisions

a. Settlement Implementation

All formal grievance settlements shall specify a time by which the settlement shall be implemented. The time limit may be extended by mutual agreement between the University and the Union.

b. Time Limits

All time limits contained in this Article may be extended by mutual agreement of the parties, except that the time limits for the initial filing of a grievance may be extended only by agreement between the University and the Union. Upon failure of the University to provide a decision within the time limits provided in this Article, the Union may proceed to the next step. Upon the failure of the Union to file an appeal within the time limits provided in this Article, the grievance shall be deemed to have been resolved by the decision at the prior step.

c. Notification

All grievances, request for review, notices, and decisions shall be transmitted in person or by certified or registered mail, return receipt requested. In the event of a question as to the timeliness of any grievance, request for review, notice or decision, the date of receipt shall be determinative.

d. Precedent

No complaint informally resolved or grievance resolved under Article 19.8.a. and b. shall constitute a precedent for any purpose unless agreed to in writing by the University and the Union President.

e. **Retroactivity**

An arbitrator's award may be retroactive as the equities of a case may demand, but in no case shall an award, including an award of back salary, be retroactive to a date earlier than 30 days prior to the date the grievance was initially filed in accordance with this Article or the date on which the act or omission occurred, whichever is later.

f. **Processing**

The filing or pendency of any grievance, or of arbitration proceedings, under this Article shall not operate to impede, preclude, or delay the University's actions which are challenged in the grievance. Reasonable efforts, including the shortening of time limits when practical, shall be made to conclude the processing of a grievance prior to the expiration of the grievant's employment. In no event shall any employee, as a result of a pending grievance, receive compensation following cessation of employment.

g. **Reprisal**

No reprisal of any kind will be made by the Board or Union against any grievant, witness, or other participant in the grievance procedure by reason of such participation.

h. **Records**

All written materials pertinent to a grievance shall be filed separately from the personnel file of the grievant or witness, except decisions resulting from arbitration or settlement.

ARTICLE 20

- b. Employees granted reassigned time and/or leaves without salary as described above shall not be considered representatives of their respective University for any activities on behalf of employees or the Union. The Union shall indemnify and hold the Board, its agents and employees harmless against any damages due to a violation of this clause.

20.4.

Bulletin Boards

- a. The Union may post materials on University bulletin boards and electronic posting sites. The Union must be clearly identified on the face of any posted material. The Union shall assume all costs associated with any posted material. Posted material shall bear the date of posting and may be removed by University representatives after having been posted for a period of 21 calendar days unless the University grants permission for a longer posting.
- b. The Union shall indemnify, defend, and hold the Board, its agents, and employees harmless against any claim, demand, suit or form of liability arising as a result of the posting of any Union materials on University bulletin boards in accordance with the provisions of this Article. ARTICLE 21

FACILITIES AND EQUIPMENT

- 21.3. In accordance with applicable University policy and procedures, University facilities, equipment or personnel shall be used only for University business.

ARTICLE 22

DUES CHECKOFF AND FAIR SHARE

- 22.1. In accordance with the State Salary and Annuity Withholding Act, 5 ILCS 365/1 et seq., and except as limited below, the Board agrees that the University will deduct Union membership dues, in an amount established by the Union and certified in writing by the treasurer of University Professionals of Illinois, Local 4100, to the Provost, from the salary of each employee who gives the University written authorization to make such deduction. Deductions will be made in each pay period beginning with the first full pay period commencing at least seven calendar days following receipt by the University of the dues deduction authorization.
- 22.2. Dues deducted will be remitted to the Union treasurer or other official designated in writing by the Union as soon as payroll warrants are prepared and verified. Accompanying each remittance shall be a list of the employees from whose salaries such deductions were made and the amounts deducted.

- 22.3. Any authorization to withhold Union dues from the salary of an employee shall terminate and such withholding shall cease upon the happening of any of the following events: (a) termination of the employee's employment; (b) written notice by the employee to the University of cancellation of the authorization; (c) expiration of the time during which such withholding was authorized; or (d) when the total amount authorized to be withheld has been so withheld.
- 22.4. Neither the Board nor the University shall be under any obligation to make any deductions for dues if any employee's pay within any pay period, after deductions for withholding tax, State Universities Retirement System, State insurance and other mandatory deductions required by law is less than the amount of authorized deductions. In such event, it will be the responsibility of the Union to collect its dues for that pay period directly from the employee.
- 22.5. The Union shall give written notice to the Provost of any changes in its dues at least thirty days prior to the effective date of any such change. If any change in Union dues requires modification of the computer programs used in processing Union dues deductions, the Union shall, upon request of the Provost, pay the actual cost of such reprogramming.
- 22.6. The Union shall indemnify, defend, and hold the Board, its members, officials, agents or representatives or the University, its employees, agents, or representatives harmless against any claim, demand, suit, action, or any form of liability (monetary or otherwise), including attorney's fees and costs, arising from any action taken or not taken by the Board, its members, officials, agents, or representatives or the University, its employees, agents, or representatives in complying with this Article or in reliance on any notice, letter, or written authorization forwarded to the Board or the University pursuant to this Article. The Union assumes full responsibility and liability for the disposition of monies deducted from the salaries of employees for Union dues by the University once the University has remitted such monies to the officer designated by the Union to receive such remittance. The Union shall promptly refund to the University any funds received pursuant to this Article which are in excess of the amount of dues which the University has agreed to deduct.
- 22.7. Nothing in this Article shall require the University to deduct Union fines, penalties, or special assessments from the salary of any employee.
- 22.8. Neither the Board nor the University shall be liable to the Union by reason of the requirements of this Article for the remittance or payment of any sum other than that constituting authorized deductions for Union dues from the salaries of employees who authorize such deductions.
- 22.9. **Fair Share**
- a. The University, having been provided the appropriate showing of interest by the Union, agrees that all employees covered by this *Agreement* who are not members of the Union, so long as they remain non-members of the Union, shall pay to the Union each month their fair share of the costs of the services rendered by the Union that are chargeable to non-members under state and federal law. This provision shall be in effect from September 1, 1996 through August 31, 1999.
 - b. The Union shall certify to the University a fair share amount not to exceed the dues uniformly required of members in conformity with federal and state law and Labor Board rules.
 - c. Such fair share payment by non-members shall be deducted by the University from the earnings of the non-member employees and remitted to the Union within ten (10) working days of said deduction unless required to remit a fee to the Labor Board for escrow.
 - d. The University shall provide the Union with the names of all employee non-members of the Union from whose earnings the fair share payment shall be deducted. It shall also provide the Union space to post a notice concerning fair share and appeal procedures.

- e. The Union and University shall comply with the rules of the Labor Board concerning notice, objections, and related matters contained in its fair share rules.
- f. Upon adoption of any Union internal appeal procedure, the Union shall supply the University with a copy. In addition, the Union shall advise the University of subsequent change therein.
- g. The Union shall indemnify and hold harmless the Board, its members, officers, agents, and employees from and against any and all claims, demands, actions, complaints, suits or other forms of liability including attorney's fees and cost that shall arise out of, or by reason of action taken by the Board for the purpose of complying with the above provisions of this Article, or in reliance of any list, notice, certification, affidavit, or assignment furnished by the Union under any such provisions.
- h. If, during the term of this *Agreement*, the Labor Board or a court of competent jurisdiction rules any part of this Article void or not enforceable, the Union and the University agree to convene negotiations on this matter immediately for the sole purpose of bringing this Article into compliance with the standards or rulings of said Labor Board or court.

The Board retains and reserves to itself all rights, powers, privileges, duties, responsibilities and authority conferred upon and vested in it by law, whether exercised or not, including, but not limited to, the right to operate, manage, control, organize, and maintain the University and in all respects carry out the ordinary and customary functions of management and to adopt policies, rules, regulations, and practices in furtherance thereof.
- 24.2. The Board's exercise of its rights, powers, privileges, duties, responsibilities, and authority and the adoption by the Board of policies, rules, regulations, and practices in furtherance thereof shall be limited only by the specific and express terms of this *Agreement*.
- 24.3. Neither the Union nor the Board waive the rights guaranteed them under the Illinois Educational Labor Relations Act.

ARTICLE 25

The costs for participation in any of the employee benefit programs that Central Management Services determines to be contributory by the employee and costs for optional coverage are the sole responsibility of the employee.

28.2. **Approved Academic Sabbatical Assignments**

a. **Purpose**

Because of its commitment to provide excellence in education, the Board recognizes the need for providing sabbatical assignments for the purposes of encouraging research/creative activity, updating professional knowledge, acquiring new professional knowledge, and enhancing teaching performance, for the mutual benefit of the University and the employee.

b. Eligibility

An approved academic sabbatical assignment is granted at the discretion of the University President. A tenured employee is eligible to apply for an approved academic sabbatical assignment from a University only after completing at least five years of full-time service in the bargaining unit at the University. An approved academic sabbatical assignment shall not be awarded to the same employee more than once every seven academic years and approved academic sabbatical assignment time shall not be cumulative.

c. Uses

An approved academic sabbatical assignment may be used for the following purposes, in accordance with Article 28.2.a.:

- Research/creative activity
- Updating of professional knowledge
- Acquiring new professional knowledge
- Enhancement of teaching performance

d. Quota

The approved academic sabbatical assignment quota for the University shall be determined at the beginning of each academic year. The quota shall be one approved academic sabbatical assignment for each 17 employees, or major fraction thereof. If the number of approved academic sabbatical assignments generated for a given academic year exceeds the number of academically qualified proposals for the approved academic sabbatical assignment, the maximum available for award in such year shall be equal to the number of academically qualified proposals.

e. Procedures

- (1) Academic sabbatical assignment proposals shall be reviewed by Department Chair, appropriate Dean, and the Provost for academic acceptability in accordance with established University procedures. An academically acceptable proposal must include the general purpose in accordance with Article 28.2.c. and must indicate information on the following:
 - *the specific purpose of the project or activity
 - *a background statement
 - *an outline of the project or activity
 - *a statement of the anticipated benefits of the project or activity
- (2) The University President may deny a request for an academic sabbatical assignment because the proposal is academically unacceptable. In the event that such a denial is made, upon request made within ten working days after receipt of such denial, the University President shall provide a written explanation for the denial to the employee who submitted the proposal.

f. Priority

- (1) If the number of academically acceptable approved sabbatical assignment proposals exceeds the number of available approved sabbatical assignments at a University, priority of award shall be determined on the basis of years of service at the University or years since the last sabbatical. If an employee has never had a sabbatical from the University, her/his priority shall be determined on the basis of years of full-time service at the University. If an employee has had a sabbatical from the University, her/his priority shall be determined on the basis of the numbers of years since her/his last sabbatical. A sabbatical may be deferred to a later date if necessitated by program

need. Notice of deferral must be given upon notification of receipt of the sabbatical. The person deferred will begin accruing years of service toward eligibility toward the next sabbatical with the year following the initial granting of the sabbatical.

- (2) When two or more applicants for sabbatical assignments or administrative educational leaves meet all requirements for the acceptability of the leave application and are in all respects equal in seniority and when the number of leaves available is less than the number of equally qualified applicants, determination of which person(s) receive leaves will be by lottery. In the presence of a representative of the Union and a representative of the Provost, a mutually agreed upon disinterested third party will draw names from the pool of equally qualified applicants until all available leaves are granted. In the event that a leave is declined after this process, the lottery will continue until all leaves are granted or all qualified applicants have been offered leaves. This process will not be grievable.

g. Term

- (1) The term of approved sabbatical assignment shall be either one academic term at full pay or two academic terms at half pay. Each academic year, 75 percent of the total approved sabbatical assignments available for award at the University shall be available for award for one academic term at full pay. If application of the 75 percent ratio results in a major fraction, the fraction shall be rounded up the next highest whole number.
- (2) If an academic employee receives a grant in connection with a approved sabbatical assignment, the duration of the sabbatical may be adjusted by the University to coincide with the provisions of the grant.

h. Conditions

- (1) Each employee who is granted a approved sabbatical assignment shall agree to serve at the University for at least one academic year after the completion of the sabbatical and shall give a judgment note to the University for the amount of the approved sabbatical assignment, said judgment note to be canceled at the end of the required year of service or at the death or permanent disability of the employee.

The report shall be made available to department colleagues and shall be placed in the employee's personnel file.

Time spent by an employee on an approved sabbatical assignment will be credited for the purpose of determining eligibility for promotion.

28.3.

Retraining Leave

- a. The University President, at her/his discretion, may grant a retraining leave to an eligible employee for the purpose of acquiring new skills for the benefit of the University.
- b. The University will establish procedures for submission of applications for retraining leaves. Applications shall specify the purpose, method, and timetable of the retraining leave.

Applications submitted pursuant to Article 17, Layoff and Recall Procedures, shall be considered at any time. If successful completion of a retraining leave might lead to transfer of the applicant to a specific department in the University, the University President will provide that department an opportunity to discuss the retraining leave proposal.

- c. The term of a retraining leave may be for a period of up to 12 months. Retraining leaves may be renewed at the discretion of the University President. Compensation for retraining leaves shall be at no less than half pay.
- d. Each employee who is granted a retraining leave shall agree to serve at a University for at least three academic years after the completion of the leave and shall give a promissory note to the Board of Trustees for the amount of the retraining leave, said promissory note to be canceled at the end of the required period of service or at the death or permanent disability of the employee, or if the employee is non-retained or is not granted tenure.
- e. Upon completion of a retraining leave an employee shall file a written account of retraining activities and accomplishments with the Provost. If after successful completion of a retraining leave, an employee is transferred to another department, her/his transfer shall be made in accordance with the provisions of Article 14, Transfer.

- g. Time spent by an employee described in Appendix A on a retraining leave will not be credited for the purpose of determining eligibility for promotion or sabbatical.
- h. Time spent by an employee described in Appendix A on a retraining leave will be credited for the purpose of determining eligibility for tenure only if approved by the University President. At the time of application, an employee must indicate in writing to the University President whether the employee wishes the time spent on a retraining leave to be credited for the purpose of determining eligibility for tenure. Upon request, the University President will provide a written explanation within ten working days to an employee whose request to credit the time spent on a retraining leave for the purpose of determining eligibility for tenure has been denied. If the employee believes such a request has been arbitrarily and capriciously denied, she/he may file a grievance under Article 19, Grievance Procedure. The sole question to be decided in any such grievance shall be whether the denial was arbitrary and capricious.

28.4.

Parental Leave

A tenured/tenure-track employee may use up to 20 days of earned sick leave per academic year for parental leave upon the birth or adoption of a child of the employee. Requests for parental leave of more than ten days shall be submitted to the Provost 30 days in advance, except in cases of emergency. Non-emergency requests for parental leave of more than ten days shall be subject to the consideration of maintaining efficiency of operations. Such requests shall not be unreasonably denied.

28.5.

Annual Leave

- a. Any tenured/tenure-track employee who is employed on a 12-month contract shall earn annual leave at the rate of two days per month during each month or major fraction thereof of service in full-pay status. No other employee shall earn or receive annual leave. An employee who is employed on a 12-month contract may accrue annual leave during the term of employment at a University up to a maximum of 48 days. An employee who has accrued the maximum will earn no further annual leave until the employee's use of annual leave reduces the accrual below the maximum. An employee who is required to work on a special assignment may, at the discretion of the University President, or her/his designee, be permitted to earn up to 12 days of annual leave beyond the maximum of 48 days. Such additional annual leave must be used within 12 months after the employee completes work on the special assignment. Upon cessation of employment with the Board, an employee, or such employee's estate, shall be entitled to a lump sum payment for accrued annual leave. Annual leave days eligible for lump sum payment shall be computed by determining the number of days, or fractions thereof, accrued by the employee and subtracting any days, or fractions thereof, used by the employee.
- b. Annual leave shall be earned before being taken. All requests for annual leave must receive approval prior to the leave being taken. Requests for annual leave in excess of three days shall be submitted to the employee's Department Head at least 30 days in advance of the date on which the employee wishes to begin leave.
- c. A response shall be given within seven days to a request for annual leave in excess of three days. Approval of the dates on which an employee wishes to take annual leave shall be at the discretion of the Provost and shall be subject to the consideration of maintaining efficiency of operations. A request for annual leave shall not be unreasonably denied.
- d. Deductions of annual leave shall not be made for any Board-approved holiday. Days when the University is officially closed for business as well as the days between December 25 and January 1 may be used for unscheduled professional activities by tenured/tenure-track employees with 12-month periods of appointment.  - (1) basic training;
 - (2) special or advanced training, whether or not within the State, and whether or not voluntary; and
 - (3) annual training.
- b. During leaves for annual training, the employee while under contract shall continue to receive her or his regular compensation. During leaves for basic training and up to 60 calendar days of special or advanced training, if such employee's compensation for military activities is less than her or his compensation as an employee, she or he shall receive her or his regular compensation as an employee minus the amount of her or his base pay for military activities. The deduction of military pay from the salary of an employee shall be reflected in the first payroll prepared after verification of the amount of the employee's military pay.

- c. A member of the National Guard (or other State military component) who is called to temporary active duty in case of civil disturbance or natural disaster declared to be an emergency by the Governor may receive a combined salary from the University and the military equal to, but not exceeding the employee's pro rata daily rate for work days absent. If the daily rate received for temporary active duty exceeds the daily rate of the employee from the University, the employee may elect to accept the higher rate in which instance the employee shall receive no compensation from the University. The amount of compensation received for temporary active duty shall be reported to the University within 30 days after release from temporary active duty. Appropriate adjustment to offset the amount received shall be made on the next regular payroll. Time used for temporary active duty shall not be deducted from the time allowed for regular military training periods in accordance with Articles 28.6 (a) and (b).

28.7. Sick Leave

- a. Sick leave may be used for injury or illness of an employee, including temporary disabilities caused or contributed to by pregnancy. An employee may use up to five days of earned sick leave per academic year for absences resulting from the illness or injury of a parent, spouse, child, or member of immediate household. Upon approval of the Provost, an employee may use additional accrued sick leave for such absences.

- c.
 - (1) A tenured/tenure-track employee who has accrued sick leave at a University shall, for purposes of this *Agreement*, be credited with such accrual as of the effective date of this *Agreement*. If the accrual exceeds 300 work days, the employee shall earn no further sick leave until the employee's use of sick leave reduces the employee's accrual below the maximum of 300 work days specified in Subsection a.(2) below.
 - (2) A tenured/tenure-track employee may accrue sick leave during the terms of employment at a University up to a maximum of 300 work days. An employee who accrues the maximum, and whose sick leave balance includes cumulative sick leave earned before January 1, 1984, shall continue to earn cumulative sick leave at the rate of not more than 1.75 days per month, provided that the sick leave balance of such employee remains at the maximum by the deduction therefrom of not more than 1.75 days per month of cumulative sick leave earned before January 1, 1984. An employee who accrues the maximum, and whose sick leave balance does not include any cumulative sick leave earned before January 1, 1984, will earn no further sick leave until the employee's use of sick leave reduces the accrual below the maximum.
- d. During the first three years of employment at the University, an employee shall earn sick leave at the rate of 20 work days per academic year or 1.75 work days for each month, or major fraction thereof, of service under the employee's contract, whichever is greater. Thereafter, the employee shall earn sick leave at the rate of 1.75 work days for each month, or major fraction thereof, of service under the employee's contract, irrespective of the term of the employee's contract. During the first three years of employment at the University, sick leave will be credited to employees at the beginning of each academic year. Thereafter, sick leave shall be earned on a monthly basis.
- e. Sick leave must be taken in units of no less than one-half day. Sick leave must be filed whenever an employee is unable to perform her/his professional obligations, either on or off campus, for reasons of illness or injury. Procedures for reporting sick leave will be developed at the University and provided to each employee. An employee on sick leave will remain in that status until she/he informs the University that she/he is able to return to work.

- f. Sick leave may be used only during the term of an employee's period of appointment.
- g. Deductions of sick leave shall not be made during any Board approved holiday. One day of sick leave shall be deducted for each day the employee is absent because of injury or illness. No more than five days of sick leave shall be deducted in any one calendar week, unless the employee is scheduled for more than five days.
- h.
 - (1) Upon cessation of employment with the Board, for at least 30 days an employee, or such employee's estate, shall be entitled to a lump sum payment for accrued sick leave earned on or after January 1, 1984.
 - (2) The lump sum payment for accrued sick leave shall be computed as the product of the employee's daily rate of compensation and one-half of the lesser of the following: (1) the number of days, or fractions thereof, of accrued sick leave earned by the employee in accordance with Article 28.8.d. minus any days, or fractions thereof, of accrued sick leave used by the employee; or (2) the number of days, or fractions thereof, of accrued sick leave earned by the employee in accordance with Article 28.8.d. after December 31, 1983. Accrued sick leave days shall be used in the order in which they have been accrued.
 - (3) An employee who has received a lump sum payment for accrued sick leave in accordance with this Article and who, within two years of the cessation of his or her employment with the Board is reemployed by the Board, may have his or her accrued sick leave restored if, within 30 days after the commencement of such reemployment, the employee repays said lump sum payment to the Board for the benefit of the University at which accrued sick leave is restored. For each day of sick leave to be restored, the employee shall repay the gross amount she or he was paid for one day of accrued sick leave. An employee may have part of all of her or his accrued sick leave restored in this manner; however, if the employee does not make any such repayment to the Board, she or he shall not be entitled to have any such sick leave so restored.
- i. Upon recommendation of the Provost, a University President may grant a tenured or tenure-track employee a leave with full pay for a period not to exceed 60 calendar days, if the employee: (1) has completed at least three full academic years of service at the University, (2) has exhausted all sick leave benefits under the terms of this *Agreement*; (3) is a participant in the State Universities Retirement System; and (4) is entitled to and has applied for disability benefits under the State Universities Retirement System.
- j.
 - (1) Nothing herein shall be construed to prevent or limit a University from requiring appropriate verification, or from taking action on the results of such verification, of the legitimacy of the use of sick leave by an employee where the University has reason to doubt the legitimacy of such use.
 - (2) Nothing herein shall be construed to prevent or limit a University from requiring appropriate documentation prior to a return to work from sick leave. Such documentation would indicate approval to return to work and state any limitations on such approval which might affect scheduling and/or performance of assigned duties and necessitate modification of the assignment. In such cases, sick-leave days used will be pro-rated until the employee is able to return to a full-time status.

28.8. Personal Leave

Up to 5 days of earned (cumulative) sick leave per year may be used for personal days. Sick leave used for personal days shall be subtracted from earned sick leave. All requests for personal leave must receive approval prior to the leave being taken.

Bereavement leave may only be used during the term of an employee's contract. Bereavement leave may not be accrued. Upon approval of the Provost, an employee may use accrued sick leave for bereavement leave requirements in excess of five days.

28.11. Leave for Court-Required Service

An employee who is summoned for jury duty or subpoenaed as a witness before a court of competent jurisdiction or as a witness in a proceeding before any federal or state administrative agency shall be granted leave with pay and any jury or witness fees may be retained by the employee provided that no employee shall be given leave with pay for (a) appearing as a party in a non-job related proceeding involving such employee, (b) appearing as an expert witness when the employee is compensated for such appearance, or (c) appearing as a plaintiff or complainant in a proceeding in which the Board or the University is a defendant or respondent.

28.12. Educational Benefits

- a. A full-time employee may enroll for credit at the University for a maximum of two courses, or six credit hours, whichever is greater, in any one academic term with exemption from the payment of tuition and fees.
- b. The natural, adopted, foster, or step-children, or the spouse of any employee who dies while in service shall be entitled to a waiver of tuition and fees up to and including the baccalaureate degree at the University. Should both parents be employees, the death of one parent makes the child eligible for a waiver. Children of divorced employees are eligible if the deceased employee had been contributing to their support.

28.13. Benefits While on Compensated Leave

- a. An employee on compensated leave may continue to contribute toward and receive the benefits of any state or Board insurance program and may continue to contribute toward and receive retirement credit in the State Universities Retirement System if the laws, rules, regulations, policies, and procedures governing the administration of such insurance programs or the State Universities Retirement System so permit.
- b. Upon return to the University from a compensated leave, an employee's salary shall be adjusted to reflect nondiscretionary increases which the employee would have received if not on leave.

28.14. Previously Accrued Leave

- a. If an employee has accrued cumulative annual leave and moves into a position in which annual leave is not accrued, that employee's accrued cumulative annual leave will be maintained on the University's records until the employee moves into a position in which annual leave may be

accrued, at which point the employee shall be credited with previously accrued annual leave days, or until the employee leaves the employment of the University, at which point the employee shall be entitled to a lump sum payment in accordance with Board Regulations.

- b. If an employee has accrued cumulative sick leave and moves into a position in which sick leave is not accrued, that employee's accrued cumulative sick leave will be maintained on the University's records until the employee moves into a position in which sick leave may be accrued, at which point the employee shall be credited with previously accrued sick leave days, or until the employee leaves the employment of the University, at which point the employee shall be entitled to a lump sum payment in accordance with Article 28.7.i.

28.15. Post-Retirement Employment

A tenured/tenure-track employee who is planning to retire from the University may request, at least six months prior to retirement, part-time, post-retirement employment for one year. If approved, the retiree's salary will be a percentage of the last monthly salary earned prorated to the percentage of appointment. This appointment may be renewed on a year-to-year basis. During this post-retirement employment, the retiree will not be a member of the bargaining unit. The retiree's State Universities Retirement System annuities and benefits, and the effect on those annuities and benefits by this post-retirement employment, will be determined by the State Universities Retirement System. The Union and the University will convene a task force to consider early retirement incentives.

ARTICLE 29

COMPENSATION

29.1. Basic Increase

- a. Each year, no later than August 1 or upon the governor's approval of higher education state appropriations, whichever is later, negotiators representing the University and the Union shall meet to determine the University's appropriation for salary increases and the cost of living. The appropriation for salary increases is defined to be the employee compensation percentage increase in the personal services line item appropriation for the University. The cost of living is defined to be the percentage increase in the Consumer Price Index for all urban consumers (CPI-U), U.S. City Average, all items, as published by the U.S. Bureau of Labor Statistics, from May of the previous year to May of the current year.
- b. If the appropriation for salary increases is within 1 percentage point of the cost of living, then the basic increase shall equal the appropriation for salary increases. If the appropriation for salary increases exceeds the cost of living plus 1 percentage point, then the basic increase shall equal the cost of living plus 1 percentage point. If the appropriation for salary increases is less than the cost of living minus 1 percentage point or if the appropriation for salary increases is 0% or less regardless of the cost of living, then the University and the Union shall negotiate the size of the basic increase.
- c. Each academic year, the Board will grant each eligible Unit A employee a monthly salary increase equal to the basic increase for the year times the average monthly salary at the University for the employee's rank as of the previous May 31. For AY 1996-97, the effective date of the salary increase shall be September 1, 1996. For subsequent years, the effective date of the salary increase shall be negotiated.

29.2. Salary Adjustment Pool

- a. Each year, no later than August 1 or upon the governor's approval of higher education state appropriations, whichever is later, negotiators representing the University and the Union shall meet to determine the University's appropriation and the salary base. The "university appropriation" is defined to be the percentage increase in the sum of the appropriated funds base budget and the budgeted income fund for the University. Upon request of the University, the University administration and the Union Chapter may negotiate to exclude from the "university appropriation" any line item exceeding \$100,000 designated for specific purposes that could not be used for salary adjustments. The salary base is defined to be the salary base for the bargaining unit as of May 31 of that year. The Board and the Union agree that the university appropriation for AY 1996-97 is 4.6%; the "university appropriation" for subsequent years shall be calculated as described above.
- b. Each academic year, a salary adjustment pool equal to 2.65% of the previous May 31 salary base shall supplement the basic increase. Funds in the salary adjustment pool shall be used first to provide individual salary increases for the following: promotional and professional advancement increases, degree completion, Achievement and Contribution (or Faculty Excellence) Awards, and adjustments to meet existing salary minima. Any funds remaining in the salary adjustment pool after these adjustments shall be used (i) to raise the minimum salaries established in Article 29.5 and/or (ii) to provide salary equity adjustments using established procedures in accordance with Article 29.6. For AY 1996-97, the effective date of the salary increases funded by the salary adjustment pool shall be September 1, 1996. For subsequent academic years, the effective date of the salary increases funded by the salary adjustment pool shall be negotiated.
- c. If the appropriation for salary increases exceeds the cost of living plus 1 percentage point, then the salary adjustment pool shall be increased by the difference times the salary base. If the appropriation for salary increases is less than the cost of living minus 1 percentage point or if the appropriation for salary increases is 0% or less regardless of the cost of living, then the Board and the Union may agree to use the salary adjustment pool to fund part or all of any basic increase negotiated in accordance with Article 29.1.b.
- d. For each percentage point (or fraction thereof) that the university appropriation exceeds 5%, the salary adjustment pool shall be increased by three-fourths of a percentage point (or fraction thereof) times the salary base. For each percentage point (or fraction thereof) that the university appropriation falls short of 3%, the salary adjustment pool shall be decreased by three-tenths of a percentage point (or fraction thereof) times the salary base. Regardless of university appropriations, the salary adjustment pool shall not be less than 1.75% of the salary base.
- e. If the moneys needed to make all promotional and professional advancement increases, degree completion increases, Achievement and Contribution (or Faculty Excellence) Awards, and minima adjustments exceed the amount available in the salary adjustment pool, or if there is a recession in the university appropriation, the Board and the Union agree to meet and negotiate an appropriate response to the problem. Such negotiations may result in a renegotiation or temporary suspension of any part of the compensation article, but will not result in a renegotiation of other Articles of this *Agreement*.

29.3. Promotional and Professional Advancement Increase

- a. In addition to the basic salary increase specified in Article 29.1, the Board shall grant a promotional increase to each eligible employee who has been promoted from one academic rank to another during the previous academic year and whose promotion is to become effective with the beginning of the current academic year. In addition to the basic salary increase

specified in Article 29.1, the Board shall grant a professional advancement increase to each eligible employee who, in accordance with Article 12, has received a professional advancement increase in the previous academic year which is to become effective with the beginning of the current academic year. Moneys from the salary adjustment pool shall be used to fund these promotional and professional advancement increases in accordance with Article 29.2.b.

- b. The amount of the promotional and professional advancement increases specified in Article 29.3.a shall be \$215 per month for AY 1996-97, \$240 per month for AY 1997-98, and \$265 per month for AY 1998-99, where the stated academic year is the one in which the promotion or professional advancement increase becomes effective.

29.4. Degree Completion

- a. In addition to the basic salary increase for AY 1996-97 specified in Article 29.1, the Board shall grant a degree completion increase, effective September 1, 1996, to each eligible employee who (i) completes all requirements for his/her first terminal degree from an accredited graduate school during the period September 1, 1995, to August 31, 1996, (ii) presents satisfactory evidence thereof to the Provost by October 1, 1996, and (iii) who has not previously received a salary increase for degree completion.
- b. In addition to the basic salary increase for AY 1997-98 specified in Article 29.1, the Board shall grant a degree completion increase, effective September 1, 1997, to each eligible employee who (i) completes all requirements for his/her first terminal degree from an accredited graduate school during the period September 1, 1996, to August 31, 1997, (ii) presents satisfactory evidence thereof to the Provost by October 1, 1997, and (iii) who has not previously received a salary increase for degree completion.
- c. The amount of the degree completion increase specified in Articles 29.4.a and b shall be \$180 per month. Moneys from the salary adjustment pool shall be used to fund these degree completion increases in accordance with Article 29.2.b.
- d. The terminal degrees for which the increases specified in Articles 29.4 a and b will be granted are the Doctoral degree, MFA degree or the MLS degree with an additional Master's degree. A degree in Fine Arts or Library Science from an accredited graduate school which is recognized by the granting institution and the major professional association in the relevant field or discipline as the academic equivalent of the MFA degree or MLS degree will be treated as the equivalent for the purpose of the increases specified in Articles 29.4 a and b.
- e. The increase specified in Articles 29.4. a and b will also be granted to each employee who, during the specified period, completes all of the requirements for the MSW degree. A degree in social work from an accredited graduate school which is recognized by the granting institution and the major professional association in the field of social work as the academic equivalent of the MSW degree will be treated as the equivalent for the purposes of the increase specified in Articles 29.4 a and b.
- f. The increases specified in Articles 29.4 a and b will also be granted to each teaching professional whose primary assignment at the University is to teach courses in an academic degree program of the University in which there was no Doctoral degree offered in the United States as of September 1, 1996, and: (1) who at the beginning of the period specified in Articles 29.4 a and b has completed at least 30 semester hours, or the equivalent, of graduate study in an appropriate discipline and who during the period completes a Master's degree from an accredited program in the discipline of her/his primary assignment or in a related discipline in addition to the 30 hours or equivalent; or (2) who at the beginning of the period specified in Articles 29.4 a and b has a Master's degree from an accredited program in the discipline of her/his primary assignment or in a related discipline and who during the period completes 30 semester hours, or the equivalent, of graduate study in (an) appropriate discipline (s) beyond

the Master's degree. The question of whether a Doctoral degree was offered in the United States as of September 1, 1996 shall be determined by reference to the College Blue Book, 1991 edition, Degrees Offered by College and Subject. Any questions concerning whether a proposed Master's degree is in a related discipline or whether the proposed 30 semester hours, or equivalent, are in (an) appropriate discipline(s) shall be addressed in writing to the Provost. The Provost shall respond, within 30 days, to the request in writing regarding her/his determination of whether or not the degree or hours are in a related or appropriate discipline. The acceptance of the Provost shall not be arbitrarily or capriciously withheld.

- g. The increases specified in Articles 29.4 a and b will also be granted to each eligible employee who, during one of the specified periods, completes all requirements for a second terminal degree or an additional graduate or professional degree from an accredited graduate or professional school if the Provost has agreed in writing that the employee should undertake the degree program for the purpose of increasing her/his academic skills or to develop expertise in additional areas directly related to her/his professional assignment.
- h. During the term of this salary agreement, the degrees specified in Articles 29.4 c and d will be recognized as terminal degrees only for purposes of the increase specified in Articles 29.4 a and b and for no other purpose.
- i. After AY 1997-98, degree completion increases will no longer be awarded to Unit A faculty.

29.5. Minimum Salaries

a. Minima Levels

For the purposes of determining minimum salaries and determining salary equity adjustments, each Unit A employee shall be assigned a minima level. The minima levels shall be based on an employee's rank and the number of academic years of service in that rank that he or she has completed at the University, in accordance with the following table:

| Rank | Completed Academic Years of Service in Rank | | | |
|---------------------|---|-----------|------------|-----------|
| | 0-2 years | 3-8 years | 9-14 years | 15+ years |
| Professor | Level G | Level H | Level I | Level J |
| Associate Professor | Level E | Level F | Level G | Level H |
| Assistant Professor | Level C | Level D | Level E | Level F |
| Instructor | Level A | Level B | Level C | Level D |

Employees with 12 or more completed academic years of service in rank at the University, when promoted, are credited with 3 completed academic years of service in the new rank for the sole purpose of determining his or her minima level.

b. Minimum Salaries

Each academic year, the Board shall adjust the salary of an employee whose salary is less than the applicable minimum below. Any minima adjustment shall be made after any basic increases, promotional and professional advancement increases, degree completion increases, Achievement and Contribution (or Faculty Excellence) Awards, and salary equity adjustments have been granted. Moneys from the salary adjustment pool shall be used to fund any minima adjustments in accordance with Article 29.2.b. The minimum monthly salaries shall be established for each minima level. For AY 1996-97, the minimum monthly salaries shall be as follows:

| Minima Level | Minimum Monthly Salary |
|--------------|------------------------|
| A | \$2,622 |
| B | \$2,857 |
| C | \$3,401 |
| D | \$3,706 |
| E | \$4,006 |
| F | \$4,366 |
| G | \$4,728 |
| H | \$5,170 |
| I | \$5,611 |
| J | \$6,052 |

The Board and the Union Chapter agree to meet each year to determine if the established minimum salaries should be adjusted. Moneys from the salary adjustment pool shall be used to fund any increase in minimum salaries in accordance with Article 29.2.b.

29.6. Target Salaries and Equity Adjustments

a. Target Salaries

Any salary equity adjustment that is made shall be based on target salaries established for each minima level. For AY 1996-97, the monthly target salaries shall be as follows:

| Minima Level | Monthly Target Salary |
|--------------|-----------------------|
| A | \$3,126 |
| B | \$3,362 |
| C | \$4,055 |
| D | \$4,360 |
| E | \$4,777 |
| F | \$5,136 |
| G | \$5,674 |
| H | \$6,115 |
| I | \$6,557 |
| J | \$6,998 |

The Board and the Union agree to meet each year to determine if the established target salaries should be adjusted.

b. Salary Equity Adjustments

- (1) If funds in the salary adjustment pool remain after all promotional and professional advancement increases, degree completion increases, Achievement and Contribution (or Faculty Excellence) Awards, and anticipated minima adjustments have been made, then the Board shall grant each eligible employee a salary equity adjustment. Any salary equity adjustment shall be made after any basic increases, promotional and professional advancement increases, degree completion increases, and Achievement and Contribution (or Faculty Excellence) Awards. Moneys from the salary adjustment pool shall be used to fund any salary equity adjustments in accordance with Article 29.2.b.
- (2) To determine the size of an employee's salary equity adjustment, when one is made, the employee's monthly salary, after all basic increases, promotional and professional advancement increases, degree completion increases, and Achievement and Contribution (or Faculty Excellence) Awards have been granted, shall be

subtracted from the target salary for the employee established in Article 29.6.a. If this difference is zero or negative, the employee shall not receive a salary equity adjustment. If this difference is positive, the employee shall receive an additional monthly salary increase equal to a predetermined percentage times the difference. The predetermined percentage shall be the same for all employees and shall be calculated so that the funds in the salary adjustment pool will be exhausted after all promotional and professional advancement increases, degree completion increases, Achievement and Contribution (or Faculty Excellence) Awards, salary equity adjustments, and minima adjustments are made.

29.7. Faculty Excellence Awards

In addition to the basic salary increase for AY 1996-97 specified in Article 29.1, the Board shall grant employees who received a 1996 Faculty Excellence Award an annual salary increase of \$650. Moneys from the salary adjustment pool shall be used to fund the base increase for Faculty Excellence Awards in accordance with Article 29.2.b. No Faculty Excellence Awards shall be made after 1996. The Faculty Excellence Awards shall be replaced by the Achievement and Contribution Awards in accordance with Article 13.

29.8. General Eligibility

- a. In addition to any special conditions provided in Articles 29.3-7 regarding eligibility for the salary increases specified in such sections, and except as provided in Article 29.8.b, an employee shall be eligible for the academic year's salary increases specified in Articles 29.1 and 29.3-7 only if (i) he or she is employed in a Unit A position as of the date of the ratification of this Agreement by the Board and the Union or September 1 of the academic year in which the salary increase is granted, whichever is later, and either (ii-a) he or she was employed in a position described in Appendix A at the University for at least one academic term during the previous academic year or (ii-b) he or she is returning to a previously held Unit A position following employment in a permanent full-time position at the University for at least one academic term during the previous academic year.
- b. An employee shall not be eligible for the academic year's salary increases specified in Articles 29.1 and 29.3-7 if prior to his or her employment in a Unit A position, the employee has received a salary increase from the University for the academic year. An employee shall not be eligible for the salary increases specified in Articles 29.3 and 29.4 if prior to his or her employment in a Unit A position, the employee received a salary increase from the University for the academic year for a promotion in academic rank or for degree completion.

29.9. Initial Appointment

A person who receives an initial appointment to a position in the bargaining unit for or during an academic year shall be appointed at a salary at least equal to the applicable minimum salary for that academic year as specified in Article 29.5.

29.10. Summer Session Salaries

- a. A summer session assignment shall be compensated on the basis of the employee's monthly salary for the immediately preceding academic year. An employee shall receive one month's salary for an assignment of three credit units and two month's salary for an assignment of six credit units. Assignments of other than three or six credit units but no more than six credit units shall be compensated on a pro rata basis. Assignments in excess of six credit units shall be compensated as overload in accordance with Article 29.14.

- b. The Board and the Union agree to convene a task force to review summer school compensation during AY 1996-97. The task force will provide its recommendations by October 1, 1997.

29.11. Grant/Contract Salaries

If an employee is assigned work on an externally funded grant or contract, the work may be excluded from her/his assigned obligation if approved by the Provost. Any amount earned shall be in addition to the employee's basic salary. This section shall not apply to grant or contract work performed during approved sabbatical assignment.

29.12. Counteroffer

- a. The University President may approve a salary increase to retain an employee who has received a bonafide offer of other employment which the University President has verified with an appropriate official. The employee's monthly salary following the effective date of an increase under this paragraph shall not exceed the amount of the monthly starting salary offered to the employee by the other employer.
- b. The effective date of the increase provided in Article 29.12.a shall be no sooner than the first day of the academic term which immediately succeeds the approval of the counteroffer by the President.
- c. An employee shall not be eligible to receive a salary increase under Article 29.12.a. until her/his second year of full-time employment in the bargaining unit. An employee who receives a counteroffer in her/his second year of employment will not be eligible to receive another such increase until the sixth year after the increase. An employee who receives a counteroffer in her/his third year of employment will not be eligible again until the fifth year after the increase. An employee in his/her fourth or later year of employment will not be eligible again until the fourth year after the increase.
- d. An employee who receives an increase under Article 29.12.a shall be eligible for the increases specified in Articles 29.3., Promotion and Professional Advancement Increase; 29.4., Completion of Degree; 29.6., Equity Adjustment; and 29.7, Faculty Excellence Awards, if the employee is otherwise eligible for the increase under the terms of the Article and under the terms of Article 29.2. An employee who receives an increase under Article 29.12.a shall not be eligible for the increase specified in Article 29.1, except as provided below.
- e. An employee who receives an increase under Article 29.12.a shall be eligible to receive the difference between the increase under Article 29.12.a. and the increase specified in Article 29.1 if: (1) the increase under Article 29.12.a is less than the increase specified in Article 29.1.; and (2) the employee is otherwise eligible for the increase specified in Article 29.1. under the terms of Article 29.2.
- f. Each employee in second or later year who receives a salary increase under Article 29.12.a shall agree to serve at the University for two academic years subsequent to the academic year in which the increase is received and shall give a promissory note to the Board of Trustees for the amount of the increase, said promissory note to be canceled at the end of the required period of service or at the death or permanent disability of the employee.
- g. The Chapter President shall be notified of the name of the individual receiving any counteroffer and the amount, and the effective date within 30 days and shall be provided an explanation of the reasons for the counteroffer upon request.
- h. The approval of or failure to approve an increase under Article 29.12.a shall not be subject to the grievance procedure specified in Article 19. The Union may file a grievance concerning any other aspect of Article 29.12. The grievance must be filed within the time limit for filing a grievance specified in Article 19.9.b.

29.13. Transfer and Reassignment Adjustments

The University may adjust an employee's salary based upon transfer or reassignment in accordance with Articles 29.13.a, b, and c. An employee may request an adjustment by notifying in writing the Provost of the desired adjustment. The employee may include endorsement by her/his supervisor(s) in the request. If the request is honored, the salary increase shall take place at the beginning of the next term of employment. If the request is denied, the employee will be so notified, in writing, by the Provost. Such request shall not be arbitrarily nor capriciously denied.

- a. The salary of an employee who assumes a position with a different title and with expanded responsibilities preponderantly outside of her/his department may be increased to a level comparable to the salaries of other employees with comparable titles and a comparable level of responsibilities.
- b. The salary of an employee who is transferred, pursuant to Article 14, from one department or unit of the University to another may be increased to a level comparable to the salaries of other employees with similar qualifications and experience in the receiving department.
- c. Within 30 days after the granting of an increase under this Article, the Chapter President shall be notified of the name of the employee granted the increase, the reason for the increase, and the amount of the increase.

29.14. Overload

An employee who is assigned duties in excess of the top of the relevant credit unit range specified in Article 6.2, or in excess of six credit units in a summer session, shall be compensated for excess units at the rate of \$550 per credit in 1996-97. This amount will be increased to \$600 in 1997-98. A joint task force will be convened to look at overload patterns and costs with the intention of implementing recommendations by AY 1998-99.

29.15. Off Campus Travel Compensation

University credit unit guidelines may be modified to permit monetary compensation in lieu of credit units for travel required by off campus assignments.
